

**Attention Program Directors – Last Chance
March 10, 2011**

This is your program's last chance to register for the annual National Conference on Family Literacy in Louisville April 3-5, 2011.

This is a great opportunity to network with colleagues while attending a national conference right here in Kentucky. KYAE is paying for basic conference registrations and the Galt House is quickly filling up, so don't delay! Full information about the conference, including sessions in the **adult education track**, is available at www.famlit.org/conference.
